

Quality/Food Safety Policy

Walker's policy is to consistently provide safe, wholesome, quality products with the least possible risk of contamination and with the least likelihood of causing harm to our customers/consumers. This is in compliance with the current requirements of ISO9001, BRCGS, FSSC22000/ISO22000, current legislation and relevant customer requirements. This policy is available to all parties that have an interest in Walker's and can either affect or be affected by us.

We are committed to:

- Implementing and maintaining, to the highest standard, a Quality and Food Safety System to produce and supply safe and wholesome products to the highest quality in all production and storage facilities
- Ensuring the authenticity of all ingredients
- Continually improving by meeting objectives and reviewing targets
- Maintaining effective partnerships with suppliers, services and customers
- Ensuring appropriate food safety training and competencies of all employees
- Promoting a positive food safety culture
- Ensuring that all staff are aware and have an understanding of the Quality/Food Safety Policy
- Protecting the environment
- Embracing the Ethical Trading Initiative Base Code of Practice
- Ensuring that all staff are aware of their individual responsibilities and of our commitment to quality and food safety, in the knowledge that the safety of our products and our reputation depends on our everyday actions
